To the Judiciary Committee,

Please OPPOSE S.B.16 and H.B.5416

Please SUPPORT the following bills: S.B.388, H.B.5415, and H.B.5412

Many upstanding citizens, my self included, adamantly opposed to S.B.16 and H.B.5416. These laws are written to restrict the law-abiding citizen. This bill has nothing to do with stopping juvenile crime. It is all about the further restriction of those who already follow the laws. What we need to do is keep criminals behind bars and stop targeting the law-abiding citizen's right to defend themselves.

Limiting legal, law-abiding citizens from being able to defend themselves against criminals with bad intentions puts many lives at risk. With 25 years of gun control in this state, there is still a problem. Making up more laws on firearms and their legal owners won't change that. If we want to stop juvenile crime we need programs to help these kids before they get in this kind of trouble.

We support S.B.388, an act concerning defense, H.B.5415 an act concerning legal transfer of assault weapons and magazines, and H.B.5412 an act concerning the duty to retreat in a house of worship.

Thank you for your time hearing my testimony. Law-abiding citizens are the ones that are paying taxes, following laws, and not committing crimes. Please take this into consideration.

Respectfully,
Ken Wasko
